Color Selection Guide - Bumper Boat

Pick color for each bumper boat.

- Pick colors for each boat hull.
- Pick colors for each supertube.
- Optional number decal available for motor cover sides.

Tube Color Selection Guide

The Supertube is comprised of a segmented & welded (not glued), urethane coated, heavy duty reinforced fabric. This segmented design allows for a two color bumper boat tube. The Supertube can be ordered with the following color combinations only.

Black (419)

Red (179)

Yellow (7405)

White

Lime Green

Dark Blue (281)

Tube Segment color(s)	Part #
Yellow/Yellow	2-90-0003
Yellow/White	2-90-0012
Dark Blue/White	2-90-0007
Black/Black	2-90-0004
Black/yellow	2-90-0006
Lime Green/White	2-90-0019
Red/White	2-90-0009
Red/Yellow	2-90-0010
Dark Blue/Dark Blue	2-90-0002
Dark Blue/Yellow	2-90-0008
Lime Green/Dark Blue	2-90-0021
Lime Green/Red	2-90-0020
Red/Dark Blue	2-90-0011
Red/Red	2-90-0001
Yellow/Lime Green	2-90-0018

Gelcoat Selection Guide - Bumperboats

Hull - Pick the hull color(s)

The hull is made of fiberglass and can be purchased with your choice of two colors selected from the Gelcoat Color Selection Table below.

This chart is a representation of the colors only. Do not use this chart for color matching as computer monitors and printers never produce a perfect match. The colors listed below also include color reference numbers for better color matching. Please keep in mind these are not exact color matches. Hull and tube colors can vary slightly.
